ALIENISTS PRINCIPAL

THAW, GINGLES AND SNELL CASES DEPEND ON SPECIALISTS.

HARRY CONFIDENT HE WILL BE FOUND SANE BY COURT.

White Plains, Julyq 13 .-- A blg crowd appeared at the court room today to hear the Thaw sanity case Thaw is looking well and declared to a reporter he expected soon to be freed. The defense has 40 witnesses yet to be called. The state will depend largely on three alienists to prove Thaw insane. These men probably will examine Thaw in open court. If this is done Thaw will name three alienists to represent him at the

Gingles Case.

Chicago, July 13 .- D. Krohn, spe cialist, was put on the stand in the Gingles case today. He is expected to prove she is suffering from hallucinations. The Rev. Keene Ryan, a Presbyterian minister, may be cited for contempt of court for statements he made Sunday when he denounced the prosecuting attorney for prosecut

CITY COUNCIL ON STRIKE,

Resenting Mayor's Dismissal of City Engineer-Prevent Quorum

Fort Scott, Kan., July 13 .- The city council here is on strike, probably the most unique situation in po! itics in Kansas. Four members are refusing to attend meetings, which prevents Mayor Brooks from having a quorum

The trouble came about when the mayor relieved City Engineer Strode from office and appointed Will McElroy in his place. The council demanded an explanation for the removal of Strode, and Strode told the members that the mayor had requested his res. ignation. The council at once voted down a resolution to receive the resignation, and when the mayor presented the name of McElroy for engineer, this was rejected. Twice since efforts to hold a meeting have

failed. The members say that they are op posed to the mayor's being a czar, and that they are getting even for day; moderate temperature. Highest Kelly, wanted in Ballard county on R. Goodloe was called and found him base. Many of the automobile own his discharging their man for engi- temperature yesterday, 96; lowest

station, Tenth and Jones streets, because of the death of "Birdie." the faithful watchdog, pet and pride of the firemen. The dog died yesterday afternoon about 6 o'clock after being in a weakened condition for several months owing to a tumor. Her condition became such that an operation was the only hope of saving her life, and yesterday afternoon it was performed by Dr. C. G. Warner, "Birdie" was given to Chief Wood thirteen years ago by some rivermen, and she was carried to the fire station. She was only a few days old, and Captain Jake Elliott took a fancy to the dog and raised her. Since then the fire captain and the dog have been inseparable companions, and she has followed the fire fighter to every fire station where he has worked. Being around the fire station for thirteen years, "Birdie" was taught many tricks. She could sit up with as much ease and grace as at a swell social function. Besides the common tricks the dog acquired one habit out of the ordinary and that was tobacco chewing. She was a fiend for the weed, and when a fireman cut a piece of tobacco from his plug there was some loud barking until the dog was remembered. As a messenger "Birdie" was efficient, and the firemen frequently sent notes and messages to the stations and to their homes by their four footed friend. This morning a nice box was made for the body of the dog, and it was buried in the rear yard of the fire station. Every fireman made a few remarks as the box was lowered into the ground,

ORIGIN

Of a Famous Human Food.

The story of great discoveries or inventions is always of interest. An active brain worker who found himself hampered by lack or bodily strength and vigor and could not carry out the plans and enterprises he knew how to conduct was led to study various foods and their effects upon the human system. In other words before he could carry out his plans he had to find a food that would carry him along and renew his physical and mental strength.

He knew that a food which was a ally needed. He knew that meat Miss Ruby Smith with the average man does not ac- Miss Annice Crouch complish the desired results. He Mrs. Dan Orr . from Albumen and Phosphate of Potash obtained from food. Then

he started to solve the problem. Careful and extensive experiments evolved Grape-Nuts, the now famous food. It contains the brain and nerve building food elements in condition for easy digestion

The result of eating Grape-Nuts daily is easily seen in a marked sturdiness and activity of the brain and nervous system, making it a pleasure for one to carry on the daily duties without fatigue or exhaustion

Grape-Nuts food is in no sense a stimulant but is simply food which renews and replaces the daily waste of brain and nerves.

fully and thoroughly cooked at the Miss factory it is served instantly with

The signature of the brain worker spoken of, C. W. Post, is to be seen on each genuine package of Grape-

The State University Lexington, Ky,

The State University, Lexington, offers the following courses, namely: Agricultural, Mechanical Engineering, Civil Engineering, Electrical Engineering, Mining Engineering, Classical and seven Scientific courses each of whic extends over four years and leads to Bachelor's degree; also a Department of Law and a Department of Education, which last has been established instead of the Normal School. Persons who enter this department prepare for advanced work in pedagogy and are granted a Bachelor's degree in this subject when completed. The Academy for preparatory instruction is retained.

County appointees receive free tuition, privilege of residence in the dormitories, fuel and light, traveling expenses, if they remain, ten consecutive months, or one collegiate year.

The laboratories and museum are large, well equipped, comprehensive and modern. Military Science is fully provided for as required by Congress.

The graduates in the several courses of study readily find employment with liberal remuneration. The total number of matriculates for last year was 1078. Each department has a specialist at its head, with the necessary number of assistants. Young women find an excellent home, with board and lodging,

in Patterson Hall, which is well equipped with all the modern conveniences, bath room, hall for physical culture, at \$3.00 per week All courses of study in the University are open to women on identical conditions with those applying to males. The completion of the Agricultural, Mining Engineering Lab-

oratory and Education buildings afford ample and commodious quarters for these departments, which are rapidly increasing in the number of matriculates.

For catalogues, methods of obtaining appointments, information regarding courses of study and terms of admission, apply to JAMES K. PATTERSON, Ph. D., LL. D., President or to D. C. FRAZEE, Business Agent.

Daily Thought. "No man is master of himself who

heart.

Jonas Smith should have known

It is not free thought so much as an independent living that attracts the fresh water college professor to the Carnegie fund.

Too many Kentucky editors are reporting observations of freak chickens with numerous legs since returning from Estill Springs.

In constructing the projected new well to keep in mind the precept that iron bars do not a prison make.

That Cincinnati pastor, who conceived and executed the scheme of adding canary birds to the choir would do well to train his pets to assume becoming position on the ladies' hats, thus combining utility with spiritual service.

Louisville's municipal politics, always on a high plane, centers this year around the fight of John Whallen, proprietor of the Buckingham theater, to prevent the Gaiety, a proposed new burlesque house, being erected in competition. As we understand it, Whallen named the Democratic ticket with a view to blocking the Gaiety, and the Republicans have adopted the free trade policy in regard to that kind of theater. It Frankfort over young woman, doesn't speak well for Louisville that there is sufficient demand to warrant the building of another show house of that class

FRIEND ED. DOESN'T LIKE

PERCY. Just one note of warning against the proposed appointment of Percy Haly secretary of the state Democratic committee, is heard and that credit from a prospective customer in comes from Ed. Leigh, editor of the Tennessee. He told all the good qualiand Percy were both close to the held my own." throne during the Beckham regime and it is not always the case that two favorites are friendly and entirely frank toward each other

Bro. Sledge has more work yet to do, while the failer of McCracken county must do a little more watching but, no less praying, in order to prevent the escape of his prisoners.

The Paducah jailer did not have he same experience as that of the Philippian jailer. The prisoners in the Philippian jail heard songs and prayers at midnight, when there came on earthquake and the doors of the jail were opened and the ands that held the prisoners were Paducah jail.

When the Philippian jailer saw out he heard-a voice saying, "Do here." Nothing like this happened at the Paducah jail.

When the Philippian jailer heard this he trembled and fell down and cried out, "What must I do to be retary to all the Democratic govern- character, but wound up with the saved?" And they said, "Believe on ing like this happened at the Paducah jail.

The reason this did not happen at the Paducah jail, like it did at the took place at midnight, the other at midday. Another reason is that the Paducah jailer was not as badly frightened as the poor jailer a Philippi.

After revival services were over a the Mayfield church when the Evan asleep, a thief in the night entered the pastor's study and the untainted money was stolen. Which of the two cities is entitled to the ribbon?

Nearly all of the fifteen thousand

The Puritan Beauty Preparations

S.S.S. BLOOD HUMORS

serving its smooth, even texture, softening and cleansing it, and regulat ing the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S. S. S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. s., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes primples blackbeards and other unsured affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Months - Expert Treatment Gave No Relief-Two Sets of the

CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering and in every case it seems to cure. Miss Barbara Kral, 629 Mt. Pleasant Ave., Highlandtown, Md., Jan. 9, '08."

Fretful Babies Suffering from Skin Humors, Soothed to Sleep by Cuticura.

A warm bath with Cuticura Soap and gentle anointing with Cuticura Ointment, purest and sweetest of emollients, afford immediate relief in the most distressing forms of itching, burning, scaly and crusted humors, eczemas, rashes, inflammations, irritations and chafings of inflamey and childhood, permit rest and sleep and point to a speedy cure when all other remedies fail. Guaranteed absolutely pure and may be used from the hour of birth.

Oats specialists construed the government as moderately bullish. Cond:tions had deteriorated since July 1 and the crop is in a critical condition and will be for the next three weeks, the final yield depending entirely on the weather.

Provisions are quiet, but strong, The Cudahy Packing company and investors were the principal buyers. taking lard principally. Some of the other packers were credited with sales of lard at top prices. Price changes for the week were very unmportant.

YALE YARNS.

Stories Told on the Absentminded Professors,

The absentmindedness of President Hadley, of Yale, is a byword. He boarded a street car one day, and seeing his old friend, the late Professor Seymour, step on the same car he rushed up and eagerly shook hands with the conductor, while indifferently dropping a nickel in the hand of the famous Greek scholar. Another day Dr. Hadley reached

his recitation room when he suddenly remembered that he had left his watch. He must begin his recitation in a few minutes, says The Bohemian, so to see if he would have time to go for the missing timepiece he automatically reached into his pocket, drew out the watch which he had put there after all and glancing at it exclaimed: "Yes, I'll just have time to to the vagrant instinct and become get it," and started home on a run.

Turkish Women.

Of Turkish women a writer says: Though a few of the better class speak a little English, and others, having learned French from their governesses, read the latest French novels, the mass of Turkish women cannot read or write even their own anguage-for they, like the majority of their men up to the present, have had no system of education. The seluded life they lead acts on their inelligence; not being educated themselves, they have not cared to educate their children, and, consequently, it will be some time before the ordihary woman can dispense with the services of the public letter writer, who is often nothing but an im-

Fate of the Boys.

There are nearly a million boys ach year who terminte their school ife and go to work to earn a living The majority of them are poorly quipped for their life work by what hey have learned in school. Their ducation is along such lines that if they are able to continue it long nough they make fair bank clerks, tenographers, etc., but poor carpen

ers and plumbers or any other killed laborer. The question is, shall the effort to ive boys a practical industrial eduation be left to totally inadequate rivate endeavor, or shall the public ducational system be as interested a fitting the youth of the country or skilled mechanical trades as it ow is in equipping them for a life behind the counter or an office hair?

The establishment of manual train ng courses in connection with some public schol systems is evidence that public educators realize that mehanical as well as academic educaion is a legitimate public effort, but such courses have not yet been placed on a practical basis,-St. Louis Star.

Waytaring. The road winds over the hill Where sets a rose-white star; O tired heart, be still; The end is far.

Down in the darkening west The chill winds fall and veer; O wild heart, rest, rest! The end is near.

FREE For "Summer

The common ailment of these hot days is "Summer Complaint," or diarrhea. It is very annoying and weakening and upsets the stomach. The cause of the trouble usually lies in food and water, which in the summer time are often laden with germs, but with many it is due to eating too much fruit or to eating over-ripe fruit.

SYRUP PEPSIN.

Its antiseptic properties remove the germs which have been causing their ritation. Children like it especially because of its gentle action and pleasant taste. Salts and purgative waters, tablets or pills, act so violently as to weaken you still more, and do but temporary DR. CALDWELL'S SYRUP PEPSIN is the best remedy you can obtain for headache, etc. All druggists sellit and it costs only 50 centsor \$1.00 a large bottle. It is for all members of the family and should be your household remedy for

Whatever the cause it is not good to take an astringent remedy that binds up the bowels and stops the flow too suddenly, but take a reliable, natural laxative like DR. CALDWELL'S WELL'S YELP PEPSIN and would like to make a test of it before buying in the regalar way from their drugsle, and obtain a FREE AMPLE BOTTLE olth
